Marina Shipyard's

Green Policy

Marina Shipyard **is committed to being environmentally aware and responsible. We actively support and participate in programs that reduce our company's environmental impact and continually improve our performance in this field as a part of our business strategy and operating procedures.**

We seek to change the effects our business activities have on the environment by:

- **Reduction of material, water and energy consumption**
- **Waste minimization**
- **Recycling of all possibles resources**

- **We encourage our customers, suppliers and tenants to do the same.**
- **We strive to exceed legislative and regulatory requirements.**

We pledge to ensure that this policy and all procedures relating to it are understood, implemented and maintained company wide and by all who cross our path.
